Summary:

I'm an enthusiastic, adaptable, responsible and hardworking junior software developer. I possess the abilities to work in a team environment while using own initiative, work under pressure and adhere to strict deadlines.

Computer Knowledge:

- ✚ **Programming Languages:** C, C#, C++, Java, Python, HTML, CSS, JavaScript, React, SQL, Linux (Basic).
- ✚ **Development Tools:** .NET Frameworks, Spring Framework (Basic), REST API, Android Studio, Unity, GCP, Firebase, GitHub.
- ✚ **Developing Skills:** Object Oriented Programming, Object Oriented Design, Data Structures, Algorithms.

Education:

- 2019- Present **B.Sc. - Computer Science,**
The Academic College of Tel Aviv-Yafo.
- ✚ Courses included: Algorithms, Data Structures, Deep Learning, Software Engineering Object Oriented, Hardware & Embedded Systems, Operating Systems, Computer Architecture.

Projects:

All projects' codes available in github.com/erezhasson

Die! Fly.

- ✚ Developed a VR game using Unity3D engine where the player requires to protect his food stand from lurking flies.
Utilized: **C#, VR Gaming, Unity.**

Ritzpa Stock Exchange

- ✚ Developed a web application for stock exchanging.
Utilized: **Java, Tomcat, JavaScript, HTML, CSS.**

SmartSend – Degree's final project

- ✚ Developed a community-based delivery system which allows users become platform's courier partners, while improving our business partners delivering times and costs.
- ✚ Lead project developing stages, managed code testing and debugging and held a presentation during college's Project's Fair.
- ✚ Practiced object-oriented design & program, working under strict deadlines and working as a team.
Utilized: **Java, React, Android Studio, GCP, Firebase OAuth.**

Work Experience:

- 2019- 2020 **Youth Football Academy Coach,**
Amir Turgeman's Football Academy, Ramat-Gan.
- ✚ Coached a group of young footballers in the age range 7 to 10.
- 2015- 2016 **Quality Control,**
T.N.M Group, Tel Aviv.
- ✚ Was responsible for arranging and categorizing data by pre-defined standards before transferring for further handling.

Military Experience:

- 2016- 2018 **Communication and IT Systems Technician,**
IDF Officer's School.
- ✚ Specialized on variety of communication equipment and systems.
 - ✚ Promoted to serve as Non-Commissioned Officer at the communication companies due to excellent service.
 - ✚ Trusted in the daily conduct of the serving soldiers and represented as authoritative and commanding factor among the company.
 - ✚ Managed and trained soldiers throughout my service.
